Select Stellar Model

Basic Course:

On the Celestial Body Edit Dialog, the User will select the Stellar Model Dialog. Then the User will select a Stellar Model from the list, hit the confirmation button, and the system will update the Next Gen Simulator Page in accordance with the choice of the User.

Alternate Courses:

The user selects a Stellar Model which does not exist: If the user selects a Stellar Model which does not exist, an error message appears displaying, "Selected Stellar Model does not exist".
